

ASSIGNMENT 2

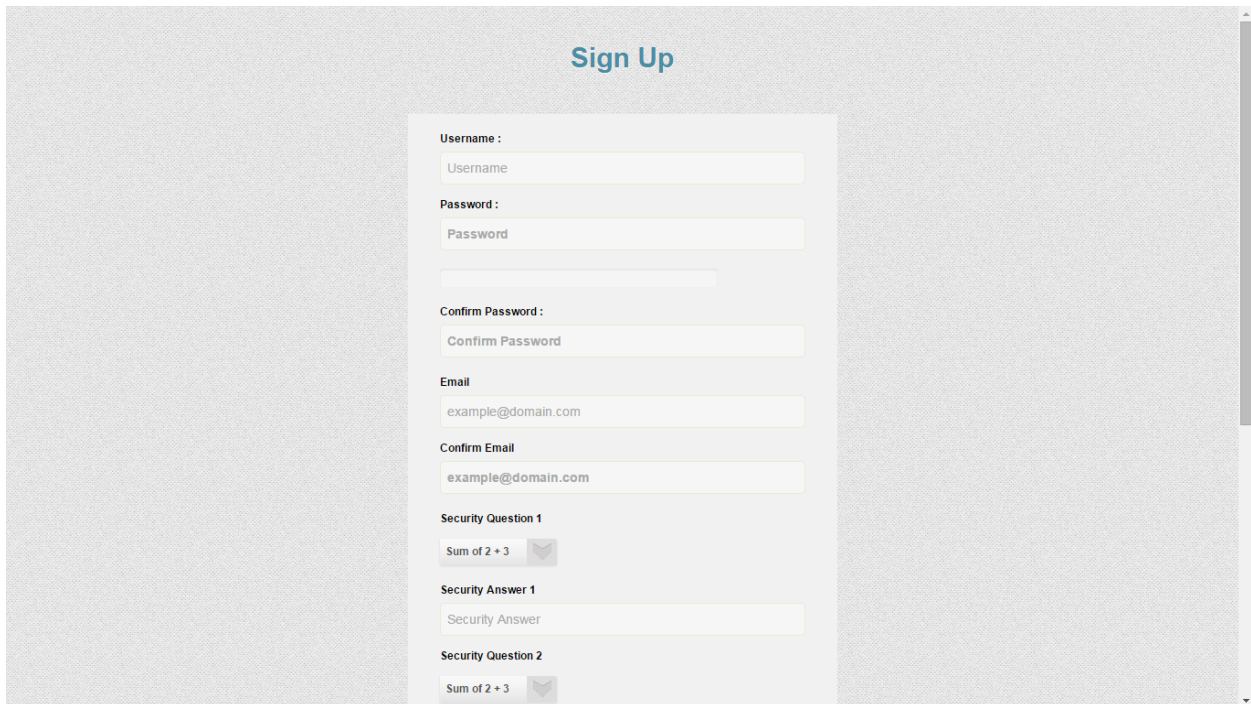

Registration Screen, Password Strength & Session Storage

Assignment Objectives :

- HTML5 features (Email, telephone)
- HTML5 features (progress bar)

Application : <http://cmpe280-assignment2.s3-website-us-east-1.amazonaws.com/>

1. Registration Screen

The screenshot displays a 'Sign Up' registration form on a light gray background. The form is centered and contains the following fields and labels:

- Username :** A text input field with the placeholder text 'Username'.
- Password :** A text input field with the placeholder text 'Password'.
- Confirm Password :** A text input field with the placeholder text 'Confirm Password'.
- Email**: A text input field with the placeholder text 'example@domain.com'.
- Confirm Email**: A text input field with the placeholder text 'example@domain.com'.
- Security Question 1**: A dropdown menu showing 'Sum of 2 + 3'.
- Security Answer 1**: A text input field with the placeholder text 'Security Answer'.
- Security Question 2**: A dropdown menu showing 'Sum of 2 + 3'.

The form is styled with a light gray border and rounded corners. The labels are in a bold, sans-serif font, and the input fields have a light gray background with a thin border.
